Island Pacific Academy

## Summer Enrichment Program 2009

*Make Island Pacific Academy your child's  
Summer destination.*

What's Inside

---

**Look for new and  
exciting summer courses,  
along with popular  
programs from the past.**

**From academic to the  
arts, IPA is sure to have  
something that will  
appeal to you and your  
child.**

## General Program Information

---

Island Pacific Academy is pleased to offer a variety of classes with flexible schedules for our Summer Enrichment 2009 Program.

Class sizes are limited to ensure each child will maximize his/her summer experience at IPA.

Registration will begin in March for current IPA families. Open enrollment for those who do not attend IPA commences in April.

Information on our summer program can also be found on our website [islandpacificacademy.com](http://islandpacificacademy.com).

We look forward to seeing your child at IPA this summer!

## Dates & Fees

---

Our program is a 7 week session from 6/15/09 to 7/31/09.

All courses are one week in length from 8:00—11:00 am daily with exceptions noted in the course descriptions.

Each one week course is \$140. "Short" week courses (4 days) are \$120.

All tuition is payable in advance.

### Withdrawal Policy:

- Before May 8: \$50 withdrawal fee
- May 8-June 12: \$100 withdrawal fee
- After June 13: 50% of tuition cost per course

### Deadline to Register: May 8, 2009

- Late Registration: \$50 in addition to tuition and if space available

**A registration form is included at the back of this catalog.**

For Students Entering Kindergarten in Fall 2009

---

***Students must be 5 years of age by June 15, 2009.***

### **Introduction to Kindergarten \*\***

A unique kindergarten program designed to introduce students to reading, math, independent work, handwriting and individual and group activities.

\*\* 3 week course.

Instructor: Mrs. Leah Gionet

Daily ~ June 15 through July 2 ~ 8:00am—11:00am

\$ 395

---

### **Creative Art with Ms. Jordan**

This hands-on course allows students to explore and experiment with different art materials. Students will use paper, clay, and papier mâché to create a variety of projects. Children should bring a smock. Additional \$10 materials fee.

Instructor: Mrs. Jordan Dodson

Daily ~ July 13 through July 17 ~ 8:00am—11:00am

\$150

---

### **Exploration in Nature: A Bug's Life**

A hands-on nature course that will teach younger students the importance of arthropods in our world. Fun explorations in and outside the classroom will give your young biologist a bug's eye view of nature. Students will come away with a stronger appreciation of nature and science.

Instructor: Ms. Melinda Sepulona

Daily ~ July 6 through July 10 ~ 8:00am—11:00am

\$140

---

---

For Students Entering Grades 1-2 in Fall 2009

---

### **You're a First Grader Now \*\***

This program is designed to help students transition from Kindergarten into the first grade. Students will work at developing writing, math and reading strategies. Emphasis placed on working independently, following directions, functioning in group activities, and how to get along with classmates.

\*\* 3 week course.

Instructor: Ms. Kelly Fox

Daily ~ June 15 through July 2 ~ 8:00am—11:00am

\$ 395

---

### **Be a Reading Superstar**

~ Orton Gillingham Reading Boost

Could your child use a reading boost to improve their skills? This class is intended for emerging early readers who may be struggling with reading basics or for those who need additional practice. Our certified reading specialist will guide your child through a fun-filled week designed to boost reading confidence.

Instructor: Mr. David Sykes

Daily ~ July 6 through July 10 ~ 8:00am—11:00am

\$ 140

---

### **Calling All Chefs!**

Have your child come and explore the kitchen with us! Students will learn the basics of food preparation, safety, the art of baking and the importance of healthy eating. Young chefs will be able to create delicious dishes and enjoy them in our Multi-Purpose Room. Additional \$10 materials fee.

Instructor: Mrs. Jessica Shiepkø

Daily ~ June 22 through June 28 ~ 8:00am—11:00am

\$150

---

---

For Students Entering Grades 1-2 in Fall 2009

---

### **Computer “Chat” for Kids**

Does your child love “playing” on the computer? This is the perfect class! Students will learn how to surf the internet and visit the popular Webkinz site, known for its extremely safe and fun interactive features. Each child will receive a mini Webkinz!

Special focus on age appropriate instruction for internet safety and avoiding computer viruses.

Instructor: Instructor: Ms. Debora Tarry, Web Designer and Computer Programmer, Dept. of Lands and Forests, Victoria, B.C., Canada.

Daily ~ July 27 through July 31 ~ 8:00am—11:00am

\$140

---

### **Creative Art with Ms. Jordan**

This hands on course allows students to explore and experiment with different art materials. Students will use paper, clay, and papier mâché to create a variety of projects. Children should bring a smock. Additional \$10 materials fee.

Instructor: Mrs. Jordan Dodson

Daily ~ June 29 through July 2 ~ 8:00am—11:00am

\$130

---

---

For Students Entering Grades 1-2 in Fall 2009

---

### **Exploration in Nature: A Bug's Life**

A hands-on nature course that will teach younger students the importance of arthropods in our world. Fun explorations in and outside the classroom will give your young biologist a bug's eye view of nature. Students will come away with a stronger appreciation of nature and science.

Instructor: Mrs. Michelle Bradley

Daily ~ July 20 through July 24 ~ 8:00am—11:00am

\$140

---

### **Magical Math and the Mystery Kid for Grades 1-2**

Does your child “disappear” at the mention of math? This class is designed to make math fun and kid relevant while rebuilding basic math concepts and teaching strategies to help your child discover their inner mathematician. A magical transformation!

Instructor: Ms. Karen Pizanti, UH Pre-Med and Math Honor Student

Daily ~ July 13 through July 17 ~ 8:00am—11:00am

\$140

---

### **Welcome to 2nd Grade**

The 3 R's—reading, writing and arithmetic get special *grade level* attention. Students will be introduced to a variety of techniques to help them advance in their writing, develop their reading comprehension strategies and expand their math computation skills.

Instructor: Ms. Sandy Romo

Daily ~ June 15 through June 19 ~ 8:00am—11:00am

\$140

---

---

For Students Entering Grades 3-5 in Fall 2009

---

### **Be a Reading Superstar**

~ Orton Gillingham Reading Boost

Could your child use a reading boost to improve their skills? This class is intended for emerging early readers who may be struggling with reading basics or for those who need additional practice. Our certified reading specialist will guide your child through a fun-filled week designed to boost reading confidence.

Instructor: Mr. David Sykes

Daily ~ July 13 through July 17 ~ 8:00am—11:00am

\$ 140

---

### **Beadz for Kidz**

Beading is a fun way for kids to create new crafts. Basic beading techniques will be taught. Fun and unique creations will be made, using colorful beads of all types! Additional \$10 materials fee.

Instructor: Mrs. Tammy McCormick

Daily ~ July 6 through July 10 ~ 8:00am—11:00am

\$150

---

### **Creative Art with Ms. Jordan**

This hands-on art class will allow students to explore and work with a variety of different art mediums. Students will use their imagination to create their own unique projects. Additional \$10 materials fee.

Instructor: Mrs. Jordan Dodson

Daily ~ July 6 through July 10 ~ 8:00am—11:00am

\$150

---

---

For Students Entering Grades 3-5 in Fall 2009

---

### **Cyber Awareness and the WWW for Grades 4-5**

Come explore the World Wide Web and learn the basics plus insider tips to make “surfing the net” fun and safe!

A special focus on educational sites will show students a wealth of fun activities as well as how to safely download information to use for future class projects.

Instant messaging, web blogs, music sites, and email will be explored, with an emphasis on safety—from internet predators as well as viruses.

Instructor: Ms. Debora Tarry, Web Designer and Computer Programmer, Dept. of Lands and Forests, Victoria, B.C., Canada.

Daily ~ July 20 through July 24 ~ 8:00am—11:00am

\$140

---

---

For Students Entering Grades 3-5 in Fall 2009

---

### **Exploration in Nature: A Bug's Life**

Join us for a hands-on nature course that will teach younger students the importance of arthropods in our world. Fun explorations in and outside the classroom will give our young biologists a bug's eye view of nature. Children will come away with a stronger appreciation of nature and science.

Instructor: Ms. Melinda Sepulona

Daily ~ June 15 through June 19 ~ 8:00am—11:00am

\$140

---

### **Introduction to Ceramic; \*\***

This course will give students an introduction to ceramics and the art of wheel throwing. Students will create their own unique work. Additional \$10 materials fee.

**\*\* 2 week course.**

Instructor: Mrs. Tammy McCormick

Daily ~ June 15 through June 26 ~ 8:00am—11:00am

\$290

---

### **Junior Photography**

Help your child use their digital camera to take really great photos. Students will bring their camera to class and learn photography basics including lighting, angle, depth, and dimension. This hands-on class will have students exploring the IPA campus inside and out. At the end of this week-long course, an "at show" with students' own finished work will be presented.

Instructors: Dr. Karen Tyson, Miss Stephanie Dobbs

Daily ~ July 27 through July 31 ~ 8:00am—11:00am

\$140

---

---

For Students Entering Grades 3-5 in Fall 2009

---

### **Magical Math and the Mystery Kid for Grades 3-4**

Does your child “disappear” at the mention of math? This class is designed to make math fun and kid relevant while rebuilding basic math concepts and teaching strategies to help your child discover their inner mathematician. A magical transformation!

Instructor: Ms. Karen Pizanti, UH Pre-Med and Math Honor Student

Daily ~ July 27 through July 31 ~ 8:00am—11:00am

\$140

---

### **Ready, Set ... Test!**

Our own Elementary School Principal, Mrs. Sue Miller, will help demystify standardized test taking by giving students the tools they need to succeed. Special attention will be given to test taking strategies, preparation techniques and how to “keep your cool” during the test.

Instructor: Mrs. Sue Miller

Daily ~ June 29 through July 2 ~ 8:00am—11:00am

\$120

---

### **Robotics for Grades 4-5**

Lego Learning Fun! Students will construct and design robots using Lego robotics while gaining basic engineering skills and knowledge as they build the ultimate robot.

Instructor: Mrs. Jessica Shiepko

Daily ~ July 27 through July 31 ~ 8:00am—11:00am

\$140

---

---

For Students Entering Grades 3-5 in Fall 2009

---

### **Passport to China**

Come and learn about the 5000 year old history of China. Students will discover traditions, sports, costumes and festivals special to China and will learn basic Mandarin Chinese phrases and language.

Instructor: To be Announced

Daily ~ July 13 through July 17 ~ 8:00am—11:00am

\$140

---

### **Passport to Europe**

Come and explore Europe's rich traditions and customs. Students will learn basic French and German phrases and language as well as introduced to the wonders of Europe.

Instructor: Mrs. Sabine Yamamura

Daily ~ June 29 through July 2 ~ 8:00am—11:00am

\$120

---

### **Passport to Japan**

Welcome to the land of sushi and Pokemon! Come learn the basics of Japanese grammar and conversation while learning about what makes Japan a wonderfully unique country.

Instructor: Mrs. Becky O'Reilly

Daily ~ June 22 through June 26 ~ 8:00am—11:00am

\$140

---

---

For Students Entering Grades 3-5 in Fall 2009

---

### **Passport to Korea**

Come and learn about the diverse culture of Korea. Learn how Confucianism and Buddhism originated. Students will also be exposed to traditions, costumes, pottery making, and festivals unique to Korea. Children will also learn basic Korean phrases and language.

Instructor: To be Announced

Daily ~ July 20 through July 24 ~ 8:00am—11:00am

\$140

---

### **The United States**

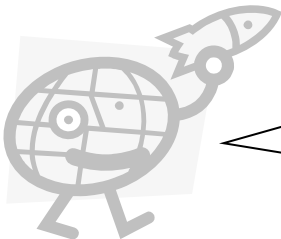

Students will learn about America's rich heritage. From early colonial America to the present day, children will learn how a nation of immigrants from different countries came together to form the greatest democracy in the world.

Instructor: To be Announced

Daily ~ July 6 through July 10 ~ 8:00am—11:00am

\$140

---

5th Graders—check out page 17 for a special middle school course open to you!

---

For Students Entering Grades 3-5 in Fall 2009

---

### **Welcome to 3rd Grade**

The 3 R's—reading, writing and arithmetic get special *grade level* attention. Students will be introduced to a variety of techniques to help them advance in their writing, develop their reading comprehension strategies and expand their math computation skills.

Instructor: Ms. Sandy Romo

Daily ~ June 22 through June 26 ~ 8:00am—11:00am

\$140

---

### **Welcome to 4th Grade**

The 3 R's—reading, writing and arithmetic get special *grade level* attention. Students will be introduced to a variety of techniques to help them advance in their writing, develop their reading comprehension strategies and expand their math computation skills.

Instructor: Mrs. Darci Garcia

Daily ~ July 6 through July 10 ~ 8:00am—11:00am

\$140

---

### **Welcome to 5th Grade**

The 3 R's—reading, writing and arithmetic get special *grade level* attention. Students will be introduced to a variety of techniques to help them advance in their writing, develop their reading comprehension strategies and expand their math computation skills.

Instructor: Mrs. Darci Garcia

Daily ~ June 29 through June July 2 ~ 8:00am—11:00am

\$120

---

---

For Students Entering Grades 6-8 in Fall 2009

---

### **Aeronautics & Rocketry—Grade 5-8**

Have you ever wondered how airplanes fly? Have you tried to fly your own design? Join this course and explore the history and science behind aviation and understand basic aerodynamics and the mechanics of flight. Students will receive hands-on experience building and testing small flying objects, using a variety of materials. Learning propulsion and the properties of construction will allow students to build and launch their own rockets. Emphasis on minimizing weight and achieving balance and stability will make their creations soar! Additional \$40 materials fee for rocket and aircraft supplies.

Instructor: Mr. Troy Tyson, Senior Engineer, Lockheed Martin with a Doctorate in Education (ABD) and Master's Degree in Information Systems.

Daily ~ June 22 through June 26 ~ 8:00am—11:00am

\$180

---

### **Be Your Own Idol**

This vocal workshop will help students discover the potential of their own voice and the ability to sing in front of an audience. The methods and techniques used by professional singers will be introduced, including control of pitch and volume.

Instructor: To be Announced

Daily ~ July 6 through July 10 ~ 8:00am—11:00am

\$140

---

---

For Students Entering Grades 6-8 in Fall 2009

---

### **Be Yourself—Fashion Psychology**

For teen girls, this course will explore fashion's influence on self-esteem and body image. Students will discuss how to remain true to themselves while learning to understand how fashion and celebrity can influence their choices— positive and negative. Instruction on age-appropriate makeup, hair, exercise, eating and social skills will also be incorporated. Ms. Ludolph is a former Hollywood costume designer on many movies, and now is based on Kauai with a Master's Degree in Marriage and Family Counseling and a Doctorate in Clinical Psychology.

Instructor: Ms. Shelly Ludolph

Daily ~ June 22 through June 26 ~ 8:00am—11:00am

\$140

---

### **Digital Media: Intro to Adobe Photoshop**

Have fun learning the fundamentals of Photoshop, a professional image editing and graphics creation software application. Learn how to use various tools to modify and manipulate images as well as apply effects to picture and text. Photoshop is installed in all of the Middle and Upper School laptops, and learning how to use this software could help to add that extra "Wow!" factor to your next big project. Participants in this course should have a basic understanding of PC's and Microsoft Windows XP.

Instructor: To be Announced

Daily ~ June 15 through June 19 ~ 8:00am—11:00am

\$140

---

---

For Students Entering Grades 6-8 in Fall 2009

---

### **Forensics Skills**

Become a crime scene investigator during a high crime training session in our science lab. Students will explore areas of forensic field work including; preparation, documentation, collection, authentication, analysis, preservation, production, and reporting. Students will learn how to dust and lift prints. They will learn to manage a crime scene, and put their skills to the test in a simulated investigation.

Instructor: Mrs. Michelle Bradley

Daily ~ July 27 through July 31 ~ 8:00am—11:00am

\$140

---

### **How to Get Elected/Political Writing**

Students will learn what is involved with running for elected office. They will learn how to get out and get votes and how to get the money needed to fund a campaign. There will be an in-class simulated political campaign. They will learn how to build a campaign message and how to differentiate between candidates and issues. Students will learn how to write political speeches. A local politician will be the guest on the final day of class.

Instructor: To be Announced

Daily ~ July 6 through July 10 ~ 8:00am—11:00am

\$140

---

### **How to Manage Money and Understand Credit**

This course is designed to help the students understand the world of finances. They will learn the skills needed to manage their money wisely.

Instructor: To be Announced

Daily ~ June 29 through July 2 ~ 8:00am—11:00am

\$140

---

---

For Students Entering Grades 6-8 in Fall 2009

---

### **Journalism**

How do reporters get that big story? Students will learn interview skills and how to ask the tough questions to write a news story. Participation in a mock news conference is planned. Class will culminate with a local news reporter as a guest speaker.

Instructor: To be Announced

Daily ~ July 13 through July 17 ~ 8:00am—11:00am

\$140

---

### **Junior Leadership Camp**

Come out for a week of fun and adventure! Understand how to inspire others, maintain a positive outlook and be the kind of students to get things done. Students will learn leadership skills, team building and cooperation. Students will have the opportunity to lead teams through scavenger hunts and obstacle courses. An off-campus field trip to the “ropes” course will be the exciting final challenge. This course is sure to inspire and motivate students with confidence and pride. Additional \$50 field trip fee for the “Ropes Challenge” at Camp Erdman.

Instructor: Dr. Karen Tyson

Daily ~ July 20 through July 24 ~ 8:00am—11:00am

\$190

*Dr. Tyson currently works at IPA doing individual assessments for learning and brain remediation and therapy. With a Doctorate in Clinical Psychology with a specialization in Neuropsychology, Dr. Tyson specializes in learning disabilities and bully prevention and education.*

---

---

For Students Entering Grades 6-8 in Fall 2009

---

## **Math Foundation**

Middle School Principal Phavana Silva teaches this course designed to strengthen student's foundation for pre-algebra and algebra. Relationships of the four basic operations—addition, subtraction, multiplication and division—will be reviewed, with further emphasis on fractions, decimals, place value and percents. Students will learn strategies to strengthen “symbol imaging” to improve math fact recognition.

Instructor: Mrs. Phavana Silva

Section 1 ~ Daily ~ June 22 through June 26 ~ 8:00am—11:00am

Section 2 ~ Daily ~ June 29 through July 2 ~ 8:00am—11:00am

\$140

---

## **Psychology Camp**

This is an experiential camp designed to provide students with the opportunity to learn more about themselves and enhance their understanding of others. Topics will include: communication skills, body image, assertiveness, diversity, peer pressure and stress management. It is hoped students will gain perspective and tools to manage relevant challenges.

Instructor: Dr. Karen Tyson

Daily ~ June 22 through June 26 ~ 8:00am—11:00am

\$140

---

---

For Students Entering Grades 6-8 in Fall 2009

---

### **Reading and Writing**

Based on the 6 traits of writing, this course will encompass organization, idea development, voice, sentence fluency, word choice and conventions. Students will explore and strengthen their writing skills in all areas by completing specially selected writing activities. Reading strategies and retention of material will also be emphasized.

Instructor: Mrs. Sabine Yamamura

Daily ~ June 22 through June 26 ~ 8:00am—11:00am

\$140

---

### **Transition to Middle School**

This course is designed for students entering 6<sup>th</sup> grade or that are new to IPA's middle school. Students will learn how to manage their time, improve their organizational skills, and practice teambuilding skills. Students will learn how to use the Middle School's Gateway Tablet PC's and software.

Instructor: Mrs. Lori McGregor

Daily ~ June 15 through June 19 ~ 8:00am—11:00am

\$140

---

### **Wild, Wild World of Website Design \*\***

Let's build a website! In fact, you'll be able to build your own at the end of this course. Instruction on basic HTML coding, Java scripting, and site management will allow students to design their site the way they want it to be seen. Graphic design and layout will be discussed to give your site the Wow factor and a professional look.

#### **\*\* Afternoon Class**

Instructor: Ms. Debora Tarry, Web Designer and Computer Programmer, Dept. of Lands and Forests, Victoria, B.C., Canada.

Daily ~ July 27 through July 31 ~ **12:00 pm—3:00 pm**

\$140

---

---

For Students Entering Grades 9-12 in Fall 2009

---

### **Creative Writing: “In My Words” - ELR\$ 100**

#### **~ 1 credit elective**

This credit course will focus on the techniques of writing with an emphasis on the development of the author’s “voice”. Using literature, prose and poetry ranging from the classics to popular fiction, the class will discuss the models for the elements of literature and examine literary devices to emulate in their own writing.

Instructor: Ms. Cami Nihipali

Daily ~ June 15 through June 26~ 8:00am—12:00pm

\$375

---

### **S.A.T. Preparation Course**

Designed to prepare students for the Scholastic Aptitude Test, the universal college entrance exam. This course will cover all three sections—math, verbal and writing. Emphasis will be on developing strategies for problem solving, vocabulary development, grammar, and essay writing skills.

Actual S.A.T. questions will be utilized for practice and to familiarize students with the test format and style. Students will learn the skills needed to “keep their cool” during the test.

Instructor: To be Announced

Daily ~ July 27 through July 31 ~ 8:00am—11:00am

\$150

---
